NITRO :: A Georgia Interscholastic Mountain Bike Team

NITRO represents middle and high school mountain bikers from the northern suburbs of Atlanta including Roswell, Alpharetta, Centennial, Milton, Dunwoody, North Springs, plus several local private schools. NITRO provides student-athletes with a strong, certified coaching staff that teach bike handling skills, trail experience through fun drills, rides, and lots of encouragement. The season runs from July to early November and riders have the opportunity to compete in 5 Georgia League races.
